SUFFOLK POLICE DEPARTMENT SEEKS CITIZEN INPUT

SUFFOLK, VA (July 30, 2015) The Suffolk Police Department believes the citizens of this city should be free from fear of crime and be comfortable in their neighborhoods. Their policing efforts are geared toward eradicating crime and removing any such fear. The only way for them to know your level of fear, if any, is to ask.

This survey is meant to capture your thoughts regarding crime in Suffolk and living in an ideal environment for you and your family.

Additionally, the survey will ask you if you have had any contact with a member of the Department in the past year. If you have, they ask, but do not require, that you provide feedback on that contact.

The survey can be found on the Suffolk Police Department website homepage, <http://www.suffolkva.us/spd> , or by the following URL: www.suffolkva.us/spdcitizencontactsurvey. The survey period will be effective Monday, August 3, 2015, through Monday, August 24th.

For those citizens without internet access, feel free to stop by Suffolk Police Headquarters, located at 111 Henley Place, or Precinct 2, located at 3903 Bridge Road to complete the survey.

Citizens can also complete the survey or receive assistance with accessing the online survey on public access computers at all three Suffolk Public Libraries, including Morgan Memorial Library, 443 West Washington Street; North Suffolk Library, 2000 Bennetts Creek Park Road; and the Chuckatuck Library, 5881 Godwin Boulevard.

Please take a few minutes to answer the survey. It will greatly help the Suffolk Police Department's efforts in helping our citizens.
