### **ACCIDENT CLOSURES PORTION OF WHALEYVILLE BOULEVARD**

SUFFOLK, VA (January 25, 2017) Suffolk Police and Suffolk Fire & Rescue responded earlier this afternoon to a two vehicle accident with an ejection of the driver in the 1600 block of Whaleyville Boulevard.

Emergency Communications received the call at 4:01 p.m. advising of the accident involving a Chevrolet Pick-up and a Chevrolet SUV.

Upon preliminary investigation it was found that the SUV impacted the pick-up and then left the roadway, rolling several times and ejecting the driver of the SUV before coming to a stop. The driver was the only occupant of that vehicle. There were no other injuries.

Suffolk Fire & Rescue crews responded and provided emergency medical assessment and treatment and one adult male was airlifted to Sentara Norfolk General Hospital with non-life threatening injuries.

The roadway in the 1600 block of Whaleyville Boulevard is closed in both directions at this time, and is expected to reopen by approximately 6:00 p.m. after the accident scene is cleared and the debris is removed from the roadway.

The cause of the accident remains under investigation.
