EARLY MORNING GAS LEAK

SUFFOLK, VA (April 28, 2015) Suffolk Fire & Rescue and Suffolk Police were on the scene of a gas leak this morning in the 400 block of Market Street at the demolition location of the former Municipal Center.

Emergency Communications was made aware of the incident at 7:44 a.m. by Suffolk Fire & Rescue personnel. It was determined that a small 1/2 inch gas service line had been ruptured. Virginia Natural Gas crews responded and the line was capped.

A portion of the roadway was briefly closed and traffic was diverted in the 400 block of Market Street and at the corner of Henley Place. No evacuations were needed.

The roadway reopened at 9:17 a.m.
