APRIL IS REPORT A POTHOLE MONTH IN SUFFOLK

SUFFOLK, VA (March 27, 2014) April is a time for sunny skies and a golden opportunity for everyone to venture outside after a long winter. This winter's extreme weather conditions have been rough on roadways throughout the entire Hampton Roads region. Suffolk's Public Works Department is springing to action and turning April 2014 into "Report a Pothole" Month.

The objective is to work to wipe out potholes where reported across the City of Suffolk. Residents are asked to help the process by identifying potholes and reporting them to City staff.

Residents can call the Suffolk Department of Public Works Roadways Maintenance Hotline at 757-514-7600 or visit the City of Suffolk website, www.suffolkva.us, and use the "Report Roadways Issues" button on the homepage to report a pothole.
