

# Litter Cleanup Kit Application

Does litter in the landscape upset you? Litter is more than just a blight on our landscape. Litter is costly to clean up, impacts our quality of life and economic development, and eventually ends up in our waterways and oceans. If you want to get started cleaning up litter where you live we are giving away Litter Cleanup Kits!

The kits are designed for a family of four, but are not exclusive. Any individual or family of any size may apply. The standard family of four kit includes two litter grabbers, four safety vests, bags for trash and safety guidelines.\*

**If you receive a cleanup kit you agree to use it to help keep public right of ways and public spaces clean. Applicants must be 18 years+ to apply.**
