## **UPDATE**

SUFFOLK, Va. (September 2, 2009) A temporary repair is in place and W. Washington St. has reopened.

SUFFOLK, Va. (September 2, 2009) – A gas leak in the 400 blk. of W. Washington St. has W. Washington closed from Brewer Ave. to Chestnut St. The leak, which was reported just before 9 a.m., was caused by a contractor doing utility work on W. Washington in the area of Henley Place.

Virginia Natural Gas is in route. Their eta is an hour. Evacuations have not been necessary so far.
