TEMPORARY WATER SERVICE INTERRUPTION SCHEDULED FOR OLD MILL CREEK SUBDIVISION

SUFFOLK, VA (October 31, 2008) Approximately 180 homes in the Old Mill Creek subdivision, off of Wilroy Road, will be temporarily without water for approximately six hours on Wednesday, November 5, 2008. The scheduled interruption will allow for the relocation of a 12" water line.

The shut down will take place during the day beginning at 9 a.m., with water being turned back on by 3 p.m. that day. Letters were delivered to those whose service will be impacted. Should the connection have to be rescheduled for an unforeseen reason, a secondary date of November 6, 2008, during the same hours has been planned.

If residents have any questions during this process, they are asked to contact Suffolk Department of Public Utilities at 757-514-7000.
