TEMPORARY WATER SERVICE INTERRUPTION SCHEDULED FOR VILLAGE OF HOLLAND

SUFFOLK, VA (November 13, 2008) Approximately 154 homes in the Village of Holland will be temporarily without water for approximately four hours on Wednesday, November 19, 2008. The scheduled interruption will allow for connection of a new 12-inch water main to the existing distribution system and three existing wells

The shut down will take place during the day beginning at 9 a.m., with water being turned back on by 1 p.m. that day. Letters were delivered to those whose service will be impacted. Should the connection have to be rescheduled for an unforeseen reason, a secondary date of November 20, 2008, during the same hours has been planned. If residents have any questions during this process, they are asked to contact Suffolk Department of Public Utilities at 757-514-7000.
