Suffolk Fleet Management Ranked in Top 100 Nationwide

SUFFOLK, VA (July 15, 2011) City of Suffolk Fleet Management has been recognized as one of the *100 Best Fleets in North America* by Government Fleet Magazine. Now in its ninth year, *100 Best Fleets* encourages ever-increasing levels of performance improvement within the fleet industry by recognizing peak performing fleet operations. With 38,000 eligible public fleets in North America, 9,000 applications were distributed to fleets identified as “doing good work.” Suffolk placed 77th on the list.

To make the list, eligible fleet management operations had to meet qualifications for 12 criteria, including among others, quick and efficient turnaround, use of technology and information, staff development, and accountability.

For more information, contact Jason Lalonde with Fleet Management at 514-4420.
