ROAD CLOSURE FOR UTILITY WORK

SUFFOLK, VA (October 19, 2011) West Washington Street between Main Street and Saratoga Street will be closed Monday, October 24 until Friday, October 28 from 7 a.m. to 4 p.m. each day. The street will be reopened to traffic each evening.

Crews will be tapping into the water main to provide service to a structure and a trenching operation across West Washington Street is required for this connection. Working hours may be extended to complete the process and prevent the job from going into the weekend. Signs have been installed to inform the public of the upcoming road closure.

City of Suffolk Public Works and Public Utilities will oversee the operation.
