Photographer Glen McClure will teach simple portrait techniques, including the use of natural light, electronic studio flash, proper backgrounds and strategies to help your subjects relax in front of the camera. Weather permitting, students will work outside with natural light and create portraits of their classmates. At the end of the day, images will be reviewed in one-on-one and group discussions.

Glen McClure was born and raised in Norfolk, Virginia. This program has been organized by the VMFA Office of Statewide Partnerships and is funded, in part, by the Jean Stafford Camp Memorial Fund.
