### **City to Change to Four Day Trash Pick Up July 6<sup>th</sup>**

SUFFOLK, VA (June 24, 2010) Effective July 6th, the City of Suffolk Department of Public Works will be converting to a four day trash pick up schedule. Mondays will no longer be a regular trash pick up day. As a result, trash pick up days for many residents may change. This change will allow for efficiencies, as trash collection during holiday weeks will no longer have to be picked up on weekends and several manual routes will be converted to automated.

Public Works has been notifying affected customers for the last several weeks of changes to their pick up dates. Packages announcing changes were delivered to customer's doorsteps, signs have been posted at the entrance to many neighborhoods and stickers with new pick up dates are being placed on customer's trash cans. Approximately 1,800 customers will be converted to automated routes. Ninety gallon cans are being delivered to those customers.

Customers that have questions are asked to contact the Department of Public Works at 757-514-7630.

Changes are as follows:
