Curbside Recycling Service Starts Tomorrow

SUFFOLK, Va (July 19, 2010) - Curbside recycling pickup begins Tuesday for residents who have already paid for and received their 95-gallon blue recycling bin. Homeowners with recycling bins should put them out with their trash cans on their regular trash day starting this week and then every other week thereafter.

Hampton Roads- based TFC Recycling will collect and process the paper, bottles, cans and cardboard that residents recycle.

Suffolk residents can continue to subscribe to the curbside recycling program by visiting www.tfcrecycling.com/suffolk where they will be prompted to complete the service agreement and order their bin. Suffolk is the first city in the region to introduce Big Bin curbside recycling on a subscription basis.
