### **Teen Time: Manga/Anime Night at North Suffolk Library**

SUFFOLK, VIRGINIA (November 1, 2010)—Come join us for a little “cartoon chatter” at the North Suffolk Library on November 15<sup>th</sup>. The special program “Teen Time: Manga/Anime Night” is from 6:30 p.m. until 7:30 p.m. Anime and Manga are Japanese cartoons and animation which date back to 1917. The art form is very popular in America and around the world.

The North Suffolk Library event gives teen fans a chance to talk about their favorite and not so favorite Manga and Anime characters. Teens are also encouraged to draw their own characters, but please provide your own supplies and be school appropriate. While you are at it, teach the librarian a thing or two. For more information, call 514-7150.

### **About “Teen Time”**

“Teen Time” is a program at North Suffolk Library designed exclusively for teens. “Teen Time” creates a special space at the library for teens to build a sense of community. The program includes workshops, fun meetings and a teen book club.
