## **Big Bin Curbside Recycling Set to Start in Suffolk** *More than 2,000 Residents Ordering Bins*

**SUFFOLK, Va (June 8, 2010)** - Curbside recycling is returning to Suffolk.

TFC Recycling is now contacting the 2,200-plus residents who signed up online over the past six months to receive 95-gallon bins and every other week collection, all for a fee of \$12 per month. The Chesapeake-based company, which will handle the pick up and sorting of the materials, is sending emails and letters requesting billing information. Residents who initially signed up now need to go back to TFC's website to order their bin. "We hope to have the initial billing completed by the end of June, to deliver bins in early July and to start service the week of July 19<sup>th</sup>," says Ed Farmer, VP of Business Development with TFC Recycling.

"We are very pleased that TFC will soon be offering this important service to Suffolk citizens. Curbside recycling will make it much easier for our citizens to participate in a program that is not only good for our community but for the environment, as well" says Mayor Linda T. Johnson. Households registered for the subscription service will have their recyclables - mixed paper (newspapers, magazines, unwanted mail and inserts), cardboard, paper board, aluminum and steel/tin cans, plastic bottles and glass containers - collected every other week on the day of normal trash pick up.

Suffolk residents can continue to subscribe to the curbside recycling program by visiting [www.tfcrecycling.com/suffolk](http://www.tfcrecycling.com/suffolk) where they will be prompted to complete the service agreement and order their bin.

*TFC Recycling is a locally owned and operated recycling and waste removal company, providing residential and commercial recycling and waste removal. Established in 1973, TFC Recycling believes "it's not how many customers we serve, but how we serve our customers." TFC Recycling employs more than 400 people and recycles more than 40 million pounds of material each year.*
