**CSX RAILWAY – RAIL MAINTENANCE UPDATE**

Utilizing a PowerPoint presentation, Public Works Director Louis Hansen gave a report on the above referenced item.

Referring to the presentation, Council Member Goldberg called for additional information about any potential traffic congestion as a result of the anticipated railroad crossing closures in downtown. Public Works Director Hansen explained that staff has worked to minimize any possible traffic congestion as a result of the anticipated roadway crossing closures. He further explained that the City asked CSX about the viability of closing the railroad crossings in phases, but the nature of the maintenance does not make that proposal feasible.

Referring to the presentation, Council Member Fawcett queried about any potential impact on public safety vehicles as a result of the anticipated railroad crossing closures. Public Works Director Hansen advised that both Suffolk Police Department and Suffolk Fire and Rescue Department were consulted about the railroad crossing closures, and they reported no issues.

Vice Mayor Bennett sought information about the ownership of the railroad crossing at Nansemond Parkway, near Suffolk Meadows. Public Works Director Hansen stated that railroad crossing is owned by Commonwealth Railway.

Vice Mayor Bennett announced there was no motion for a Closed Meeting.

Vice Mayor Bennett advised that Mayor Johnson was excused from tonight's proceedings.

Vice Mayor Bennett announced City Council would reconvene for its Regular Meeting at 7:00 p.m.

As there was no Closed Meeting, the Work Session adjourned at 6:07 p.m.

**Consent Agenda Item #11** - An ordinance to accept and appropriate funds from Walmart for the Suffolk Public Library

**Consent Agenda #12** - A resolution confirming the appointment of Janey Culpepper as Deputy City Assessor

Referring to Consent Agenda Items #7 through #12 City Manager Roberts submitted a review of the background information as printed in the official agenda.

Council Member Goldberg, on a motion seconded by Council Member Fawcett, moved to approve the Consent Agenda, as presented, by the following vote:

AYES:	Vice Mayor Bennett, and Council Members Duman, Fawcett, Goldberg, T. Johnson, Milteer and Ward	7
NAYS:	None (Mayor Johnson was excused.)	0

Referring to the distributed handout, City Clerk Dawley presented the following item: a resolution amending Resolution Number 19-R-046 entitled reaffirming the City of Suffolk’s commitment to the Constitutions of the United States and the Commonwealth of Virginia.

Council Member Fawcett, on a motion seconded by Council Member Duman, moved to approve the resolution, as presented, by the following vote:

AYES:	Vice Mayor Bennett, and Council Members Duman, Fawcett, Goldberg, T. Johnson, Milteer and Ward	7
NAYS:	None (Mayor Johnson was excused.)	0

**A RESOLUTION AMENDING RESOLUTION NUMBER 19-R-046 ENTITLED REAFFIRMING THE CITY OF SUFFOLK’S COMMITMENT TO THE CONSTITUTIONS OF THE UNITED STATES AND THE COMMONWEALTH OF VIRGINIA**

**PUBLIC HEARINGS**

**Public Hearing** – A public hearing regarding an ordinance authorizing the acquisition of real property in fee simple and/or permanent and temporary easements, either by agreement or condemnation, for the Nansemond Parkway Intersection Improvements Project

Utilizing a PowerPoint presentation, Public Works Director Louis Hansen provided a report on the background information as printed in the official agenda.

The following individuals spoke in opposition to the proposed ordinance:

Dwight Nixon, 3637 Nansemond Parkway, Pastor, Saint Mary’s Church of God in Christ.

Trevon Boone, 3621 Nansemond Parkway, Pastor, Tabernacle Baptist Church.

Annette Ridley Bremer, 3624 Nansemond Parkway, representing self.

Edwin Owens, 1532 Wilkins Drive, representing self, opined about recycling. Vice Mayor Bennett advised Mr. Owens that this public hearing was about the above referenced item and his comments were out of order.

The following individuals spoke in opposition to the proposed ordinance:

Sherrell Harris, 102 Ashford Drive, representing self.

Kelly Randolph, 507 Kemp Landing, representing self.

Carl Hale, 2047 Indian Point Trail, representing self.

Hearing no additional speakers, the public hearing was closed.

Referring to the presentation, Council Member Goldberg sought information about the proposed route between Bennett’s Pasture Road and Nansemond Parkway, as it relates to the impact on the churches in the area. Public Works Director Hansen reported that staff hopes to move the ingress and egress to the rear of the property to mitigate the impact on the churches in the area.

Referring to the presentation, Council Member Goldberg called for clarification about additional wetlands in the back of the area near Tabernacle Baptist Church that can be used for additional parking without adverse impact on wetlands. Public Works Director Hansen explained that it is difficult to predict the potential impacts on the properties under consideration, and the City is not able to ascertain the church's options for parking.

Referring to the presentation, Council Member Duman queried about alternative options to the proposed project and the impact of the left turn lane on to Nansemond Parkway, as it relates to Nansemond River High School. Public Works Director Hansen stated that the current staff recommendation is the safest option. He added that the recommendation to move the signal to Sleepy Hole Road is based on the fact that most people entering and leaving Nansemond River High School come from the north, and no other viable options are under consideration. City Manager Roberts added that the option that has been suggested by residents would more than likely disturb some graves on Bennett's Pasture Road, and the distance is insignificant.

Referring to the presentation, Council Member Fawcett opined about the feasibility of the City assisting the two churches that would be impacted by the proposed project with their future parking needs. Public Works Director Hansen said that the City will pay the two churches for any property that is acquired for the project, but the City has not done a parking study on private land for the proposed project.

Referring to the presentation, Council Member Fawcett inquired about the ability of the two churches to expand in the future, as it relates to the proposed project. Public Works Director Hansen stated that he is unable to speculate on the churches' abilities to expand in the future.

Referring to the presentation, Council Member Fawcett solicited a comparison of the current traffic load versus the potential traffic load, as it relates to the proposed project. Public Works Director Hansen replied that there are no traffic load generation numbers, as this proposed project is not a rezoning.

Referring to the presentation, Council Member Ward asked about the amount of property at Tabernacle Baptist Church impacted by the proposed project. Public Works Director Hansen indicated that five acres of property will still remain on the parcel at Tabernacle Baptist Church, should the proposed project move forward.

Referring to the presentation, Council Member Ward opined about the development value of the property that the City would need to purchase from Tabernacle Baptist Church in comparison to the development value of the remaining property, as it relates to the proposed project. City Manager Roberts explained that when the City designs a road project, staff does not perform topographical or wetlands surveys on property that the City does not plan to acquire.

Council Member Ward called for clarification about the questions raised at the community meeting about the proposed project. Public Works Director Hansen said that most of the questions posed at the community meeting were about the potential impact on current parking, not future parking expansion options. He added that there were also questions about the impact of drainage and the proximity of the new road.

Council Member Ward queried about the timeline regarding the start of the proposed project. Public Works Director Hansen reported that the inception of the proposed project started in 2016.

Council Member Fawcett moved to continue consideration of the proposed ordinance to the February 19, 2020, City Council Meeting. The motion failed for lack of a second.

Referring to the presentation, Council Member Johnson asked about the rationale behind the proposed project’s route. Public Works Director Hansen stated that the colocation of Sportsman Boulevard is the best engineering practice the insure safety, as it relates to the proposed project. He concluded there are no other viable options, as it relates to the location or the impact on the property owners.

Council Member Fawcett, on a motion seconded by Council Member Duman, moved to continue consideration of the proposed ordinance to the February 19, 2020, City Council meeting.

Referring to the motion, City Manager Roberts asked Public Works Director Hansen if staff could be prepared to address the issues raised tonight as it relates to the proposed ordinance at the February 5, 2020, City Council meeting. Public Works Director Hansen replied in the affirmative.

Council Member Ward called on staff to meet with the pastors from the churches that are in the area of the proposed project. City Manager Roberts said that staff would meet with the pastors prior to the February 5, 2020, City Council meeting.

Council Member Fawcett, on an amended motion seconded by Council Member Duman, moved to continue consideration of the proposed ordinance to the February 5, 2020, City Council meeting, by the following vote:

AYES:	Vice Mayor Bennett, and Council Members Duman, Fawcett, Goldberg, T. Johnson, Milteer and Ward	7
NAYS:	None (Mayor Johnson was excused.)	0

**JOINT WORK SESSION OF THE CITY COUNCIL AND THE SCHOOL BOARD**

Mayor Johnson and Ms. Byrum offered introductory remarks. Utilizing a PowerPoint presentation and the distributed handout, Duane Harver, President/Director of K12 Project Overview, RRMM Architects, the City's architectural consultants, provided an overview of the process to be used for the joint facilities study. Finance Director Tealen Hansen gave supplemental information regarding school capital funding transfers.

Referring to the presentation, Mr. Mitnick queried about the inclusion of school rezoning in the joint facilities study. Mr. Harver advised that RRMM's mandate did not call for a redistricting study, but the information acquired may be helpful in a future rezoning.

Referring to the presentation, Council Member Johnson asked if the previously approved housing developments would be included in the joint facilities study. Mr. Harver said those developments would be included in the joint facilities study.

Referring to the presentation, Council Member Johnson solicited information about the period of time covered by the joint facilities study. Mr. Harver offered that the joint facilities study can extend to the standard five years, but ten years is the maximum length of time.

Referring to the presentation, Mayor Johnson sought clarification about the feasibility of the School Board using the joint facilities study's results for a future school rezoning review. Mr. Harver replied in the affirmative.

Referring to the presentation, Council Member Duman inquired about the inclusion of the technical education facilities in the joint facilities study. Mr. Harver said there would be technical educational facilities included in the joint facilities study.

Referring to the presentation, Ms. Story requested an explanation of the projects that would be funded by City Council's proposed ordinance to authorize the transfer of capital project funds from the Florence Bowser Elementary School and Colonel Fred Cherry Middle School projects to the Schools Major Repairs/Systems Replacement project. Dr. Gordon said that the funding could be used for security and information technology investments. F. Terry Napier, Director of Facilities and Planning, added that fuel tanks will be installed at Colonel Fred Cherry Middle School and Florence Bowser Elementary School, as the infrastructure was installed, but not the fuel tanks, when the schools were originally constructed.

Ms. Story asked if the School Administration Building was included in the joint facilities study. Dr. Gordon replied in the negative. City Manager Roberts explained that the future of the School Administration Building will be considered in the City's Capital Improvement Program.

Ms. Story solicited information about the timeline for the completion of the new School's Maintenance Facility. Mr. Napier said that Phase 1 will be completed around May 2020, and Phase 2 will concentrate on relocating the maintenance functions to the former Mount Zion Elementary School site. Mr. Roberts added that the City has funded the School Maintenance Facility over two years.

Council Member Fawcett opined about the feasibility of the City acquiring the former Driver Elementary School for use as a recreation center. Mr. Napier said that the former Driver Elementary School site is being used to store surplus items. He added that moving those items to the current School's Maintenance Facility Finney Avenue site is not feasible at this time.

Council Member Fawcett called for information about the percentage of the former Driver Elementary School that is being used for the storage of surplus items. Mr. Napier replied that 75% of the building is being used for storage.

Council Member Fawcett asked about the amount of heating and cooling being used at former Driver Elementary School. Mr. Napier reported that only partial heating and cooling is being used at the building, as it is being used for the storage of surplus.

Council Member Fawcett inquired about the cost to operate the former Driver Elementary School. Mr. Napier explained the costs are minimal, and the value is in the savings that would otherwise be paid for storage.

Referring to the presentation, Council Member Duman solicited information about the inclusion of joint use facilities in the joint facilities study. Mr. Harver advised that joint use facilities are not a part of the joint facilities study.

Referring to the presentation, Mr. Mitnick asked whether Colonel Fred Cherry Middle School and Florence Bowser Elementary School would be included in the joint use study. Mr. Harver replied that the facilities would not be included in the study, as they were recently constructed.

Ms. Story asked whether quarterly meetings could be planned at this time. Mr. Roberts and Dr. Gordon explained that future meetings would be planned based on the bodies' shared concerns.

The Joint Work Session of the City Council and School Board adjourned and City Council recessed at 4:56 p.m. and reconvened at 5:10 p.m.

**FISCAL YEAR 2021-2030 CAPITAL IMPROVEMENTS PROGRAM & PLAN**

Utilizing a PowerPoint presentation, Finance Director Hansen gave a summation of the above referenced. Public Utilities Director Albert Moor gave supplementary information.

City Clerk Dawley presented the Closed Meeting motion for City Council's consideration:

1. Pursuant to Virginia Code Sections 2.2-3711(A)(8) and (A)(1), the consultation with legal counsel employed by a public body regarding specific legal matters requiring the legal advice of such counsel, and the discussion, consideration, or interviews of prospective candidates for appointment and the assignment, appointment, and performance of specific public officers or appointees of the City, specifically the appointments as shown on the attached list for vacancies or term expirations for Agricultural Advisory Committee, Early Childhood Development Commission, Economic Development Authority of the City of Suffolk, Fine Arts Commission, Human Services Advisory Board, Local Board of Building Code Appeals, Tidewater Youth Services Commission and Wetlands Board.

Council Member Fawcett, on a motion seconded by Vice Mayor Bennett, moved that City Council convene in a closed meeting for the above referenced purpose, by the following roll call vote:

**PUBLIC HEARINGS**

**Public Hearing** – A public hearing regarding an ordinance to rezone and amend the official zoning map of the City of Suffolk in order to amend the previously approved proffered conditions for the Foxfield Meadows Development located at 1241 Pitchkettle Road, Zoning Map 34, Parcel 24A; RZN2019-007 (Conditional)

Utilizing a PowerPoint presentation, Planning and Community Development Director David Hainley provided a report on the background information as printed in the official agenda.

Whitney Saunders, 705 West Washington Street, representing NVR, Incorporated, applicant, spoke in support of the proposed ordinance.

Kelly Hengler, 9345 Eclipse Drive, representing self, opined about the proposed design standards.

Bill Blankenship, 321 Great Bridge Boulevard, Chesapeake, Virginia, representing Cloverleaf Development, LLC, property owner, spoke in support of the proposed ordinance.

Eric Shirey, no address given, representing NVR, Incorporated, applicant, spoke in support of the proposed ordinance.

Hearing no additional speakers, the public hearing was closed

Council Member Milteer, on a motion seconded by Council Member Fawcett, moved to approve the ordinance, as presented.

Council Member Duman asked about the condominium form of ownership. Mr. Saunders replied that there is a land condominium form of ownership for single family, detached homes where the surrounding land is owned communally.

Council Member Duman asked about the difference between the condominium association and a homeowners association. Mr. Whitney advised that maintenance standards are more uniform but are similar in fee structure.

Council Member Duman opined about differing transitional design standards. Mr. Whitney checked with the applicants.

City Attorney Holland asked for clarification of Council Member Duman’s comments. Council Member Duman advised he was asking for an explanation about the applicant’s proposed design standards as the matter was raised at the Planning Commission meeting.

City Attorney Holland, Mayor Johnson and Council Member Duman clarified that the request for information was not a solicitation for a proffer. Mr. Saunders replied that the applicant did not interpret Council Member Duman’s comments as a solicitation for a proffer.

Mr. Saunders offered the following additional voluntary proffered conditional language to address the matter that was raised at the Planning Commission meeting cited by Council Member Duman: “The Owner/Applicant will construct all homes adjacent to the Foxfield Parkway and Terrywood Drive of Hardie Plank or L.P. Smartside siding with optional partial stone or brick veneer offered for front elevations.”

Referring to the presentation, Council Member Johnson opined about the type of proposed development. City Manager Roberts and Planning and Community Development Director Hainley offered supplemental information about the type of proposed development.

City Clerk Dawley called for clarification of the inclusion of the language regarding the additional voluntary proffered conditional in the motion to approve the proposed ordinance. It was the consensus of Council Member Milteer and Council Member Fawcett to include the language regarding the additional voluntary proffered conditional language in the motion to approve the proposed ordinance.

Council Member Milteer, on an amended motion seconded by Council Member Fawcett, moved to approve the ordinance, with the additional voluntary proffered condition: “The Owner/Applicant will construct all homes adjacent to the Foxfield Parkway and Terrywood Drive of Hardie Plank or L.P. Smartside siding with optional partial stone or brick veneer offered for front elevations”:

AYES:	Mayor L. Johnson, and Council Members Duman, Fawcett, Goldberg, Milteer and Ward	6

**Public Hearing** – A public hearing regarding an ordinance to grant a Conditional Use Permit to establish a Day Care, Child Day Center, on property located at 361 E. Washington Street, Zoning Map 34G25(A), Parcel B; CUP2019-007

Utilizing a PowerPoint presentation, Planning and Community Development Director Hainley gave a summary of the background information as printed in the official agenda.

The following individuals spoke in support of the proposed ordinance:

Shamica Bullock, no address given, applicant.

Robert Hobbs, 206 Locust Street, representing Metropolitan Baptist Church. He also recognized supporters in attendance.

Marcus Williams, 156 West Washington Street, owner, Boogie’s Soul Food, representing self.

Hearing no additional speakers, the public hearing was closed.

Council Member Duman, on a motion seconded by Council Member Milteer, moved to approve the ordinance, with conditions, as presented.

Referring to the presentation, Council Member Fawcett asked about the age of the building. Planning and Community Development Director Hainley indicated that he did not know the specific age of the building, but he thought it would qualify as a historical structure.

Council Member Fawcett solicited information about applicable fire code provision, as it relates to the proposed child day care center. Planning and Community Development Director Hainley advised that the Conditional Use Permit is the first step, and the applicant will have to meet other fire code requirements applicable to child day care operations.

Council Member Duman, on a motion seconded by Council Member Milteer, moved to approve the ordinance, with conditions, as presented, by the following vote:

AYES:	Mayor L. Johnson, Vice Mayor Bennett, and Council Members Duman, Fawcett, Goldberg, T. Johnson, Milteer and Ward	8

**Public Hearing** – A public hearing regarding an ordinance to grant a Conditional Use Permit to establish a public assembly not otherwise enumerated (banquet facility with live entertainment), on property located at 127 East Washington Street, Zoning Map 34G18(A), Parcel 284; CUP2019-017

Utilizing a PowerPoint presentation, Planning and Community Development Director Hainley supplied a report on the background information as printed in the official agenda.

Valencia Ballard, 6018 Spinnaker Court, property owner, spoke in support of the proposed ordinance.

Hearing no additional speakers, the public hearing was closed.

Referring to the presentation, Council Member Milteer queried about the number of available parking spaces. Ms. Ballard said that there is adequate parking located behind the building and across the street.

Referring to the presentation, Council Member Duman asked about the number of security officers required, as outlined in condition number four in the proposed ordinance. Planning and Community Development Director Hainley replied that there would be at least one security officer required, but the applicant must comply with the standards as required by the Suffolk Police Department. He added that this is standard number of security officers for similar existing banquet halls.

Referring to the presentation, Council Member Johnson solicited information about the number of people allowed in the proposed banquet facility. Planning and Community Development Director Hainley offered that the number of people in the space would depend on the set up configuration. He estimated that close to 100 people would be the maximum.

Referring to the presentation, Mayor Johnson called for clarification about the difference between a dance floor and a public dance hall. City Manager Roberts explained that a public dance hall is akin to a nightclub open to the general public.

Referring to the presentation, Vice Mayor Bennett opined about the applicant’s willingness to comply with all of the conditions included in the proposed ordinance. Planning and Community Development Director Hainley advised that the applicant has been advised of all of the conditions included in the proposed ordinance and has indicated that she will comply as required.

**AGENDA: June 3, 2020, Regular Session**

**ITEM: Consent Agenda** - An ordinance to accept and appropriate funds from the Virginia Department of Forestry for the Playground Shade Tree Project for the Department of Parks and Recreation

The City has received a \$3,300 grant from the Virginia Department of Forestry in support of the Playground Shade Tree Project for the Department of Parks and Recreation. The funds will be used to purchase and plant shade trees at various playgrounds throughout the City.

Adoption of the attached ordinance is necessary to accept and appropriate these funds to the appropriate line item in the Consolidated Grants Fund budget for Fiscal Year 2019-2020.

**BUDGET IMPACT:**

Adoption of the ordinance will increase the planned revenues and expenditures of the Consolidated Grants Fund by \$3,300 for the above noted purpose and requires a local cash match of \$400 and an in-kind match of \$2,905.80 which is provided for in the Parks & Recreation Fiscal Year 2019-2020 operating budget.

**RECOMMENDATION:**

Adopt the attached ordinance

### Re: Playground Shade Tree Project– 20VTCW11

Dear Mr. Michael J. Kelly,

On behalf of the Virginia Department of Forestry, and the USFS Chesapeake Watershed Forestry Program and VA DCR Water Quality Improvement Funds it is my pleasure to notify you that a grant for **\$3,300.00** has been awarded to the **City of Suffolk Dept. of Parks and Recreation** for its *Playground Shade Tree Project*. This award represents a **full** award of your original request. Your project has been assigned number **20VTCW11** which should be used in any future correspondence.

Attached is paperwork that is required to **activate** the grant. Please fill out and return within 30 days of the date of this letter. If your paperwork is not received in this time period, funds will be awarded to another project (we will allow an extension if you notify us with valid reason for the delay.)

Also, attached is a Request for Reimbursement form that must be submitted for all approved project expenses. Please read the instructions provided for completing the form. Also please read the Memorandum of Agreement that describes your record keeping and expense documentation responsibilities. We cannot reimburse your organization for expenses without proper expense documentation! ***Please remember to include your grant award #20VTCW11 on all documentation.***

If you have any questions or need further assistance, please feel free to contact me at 434.220.9185 or by email at [lara.johnson@dof.virginia.gov](mailto:lara.johnson@dof.virginia.gov) or Molly O'Liddy at 434-220-9041 or by email at [molly.oliddy@dof.virginia.gov](mailto:molly.oliddy@dof.virginia.gov). Congratulations on your grant award and I wish you every success in the implementation of your project!

Sincerely,

*Lara Johnson*

Dear Lift Every Voice Applicant,

We are delighted to inform you that you have been selected to receive a Lift Every Voice programming grant in the amount of \$1,200. This award has been made possible with support from the National Endowment for the Humanities, the Andrew W. Mellon Foundation, and Emerson Collective.

Yours is one of fifty institutions around the country chosen to participate in Lift Every Voice: *Why African American Poetry Matters*, a national public humanities program dedicated to enhancing appreciation of the extraordinary range and richness of the 250-year-long African American poetic tradition. Its principal objective is to engage participants in a multifaceted exploration of the tradition, the perspectives it offers on American history and the struggle for racial justice, and the universality of its imaginative response to the personal experiences of African Americans over three centuries.

Your award includes:

- A \$1,200 grant to support free public programming, presented either online or in person. Grants may be used for: stipends for a local poet and/or scholar; travel expenses; honoraria; actors/performers fees; publicity and advertising; refreshments; or other costs associated with programming.
- A copy of *African American Poetry: 250 Years of Struggle and Song*, a hardcover anthology edited by Kevin Young to be published by Library of America in September 2020.
- The Lift Every Voice Reader (PDF), available for free download at the project website, launching this summer.
- Multimedia resources for public programming and individual discovery at the project website, [www.africanamericanpoetry.org](http://www.africanamericanpoetry.org), including video readings and commentary by distinguished scholars, poets, actors, and others; the free downloadable reader of key poems, with commentary and questions for discussion; a calendar of events; and links to other resources.
- An online site support notebook, with tools for planning and publicizing programs, including downloadable press releases.
- An orientation webinar for site coordinators and scholars/facilitators covering interpretive materials, public relations, and logistics, as well as the special issues involved in presenting programming dealing with race. Tentatively scheduled for July 1, 2020.
- Programming support throughout the grant period.

**Emerson**  
Collective

By accepting this award you commit to:

- Host a minimum of two public programs related to the Lift Every Voice humanities themes and including participation by poet and scholars.
- Appoint one staff member as the site coordinator.
- Offer these programs to the general public free of charge, either in person or online.
- Provide required reports to [LiftEveryVoice@loa.org](mailto:LiftEveryVoice@loa.org):
  - o Preliminary Report: describing program dates and details, due 60 days prior to the start of scheduled programs.
  - o Final Report: due 30 days after last scheduled program.

We understand that this notification comes at a challenging time, with many institutions closed to the public and most of us working from home. The current plan for the initiative calls for public programming to begin in September 2020 and carry on through February 2021. It would greatly assist us in our planning if you could let us know whether you still anticipate being able to produce your events—either as in-person or online virtual events—despite current or projected closings, or if you plan to participate on a postponed schedule.

You will receive your programming stipend from Library of America on or before June 15. Please review the organization name and address in the attached acceptance form and confirm that is it correct, and that you will be able to receive mail at that date. If the check payee is an entity other than the organization name, or if there are revisions to the name, please send all changes to [LiftEveryVoice@loa.org](mailto:LiftEveryVoice@loa.org).

To ensure prompt distribution of grant awards, please confirm receipt of this letter via the project email address by May 15, 2020. Please also sign and mail the attached acceptance letter to

Mary Sutton  
Library of America  
14 East 60th Street  
New York, NY 10022

If you are not able to print out the form, please let us know via email.

Thank you. We very much look forward to working with you on this exciting and historic project!

Sincerely yours,

Max Rudin, Project Director

**Suffolk PSAP:**

This letter serves as confirmation of the Virginia 9-1-1 Services Board (the "Board") approval of the City of Suffolk PSAP's NG9-1-1 funding request for costs needed for NG9-1-1 implementation. The amount awarded is listed below and is based on estimated costs and related information contained in the version of your NG9-1-1 Migration Proposal (also listed below) referenced in your funding request:

<b>PSAP Name and Funding ID</b>	<b>Suffolk NG911-118</b>
<b>Date of Award by the 9-1-1 Services Board</b>	<b>February 6, 2020</b>
<b>End of funding period for your grant award (36 months from date of award unless granted an extension by the Board)</b>	<b>February 6, 2023</b>
<b>NG9-1-1 Deployment – Amount Awarded</b>	<b>\$215,602.64</b>
<b>PSAP preference for Board payment on behalf of PSAP for incurred eligible NG9-1-1 expenses:</b>	<b>Yes</b>
<b>Yes – Direct payment where possible No – Full reimbursement basis</b>	

<b>Migration Proposal Date</b>	<b>November 1, 2018</b>
<b>Migration Proposal NG9-1-1 Service Provider</b>	<b>AT&amp;T</b>
<b>Contract Vehicle upon which the Migration Proposal is based</b>	<b>Fairfax County contract w/ AT&amp;T</b>
<b>Deadline for executing a contract vehicle with the NG9-1-1 Service Provider listed above (3 months after date of award)</b>	<b>May 6, 2020</b>
<b>Scheduled NG9-1-1 Deployment Window</b>	<b>Q4 2020</b>

Suffolk PSAP  
February 6, 2020

Funding awards are non-binding until a locality selects an NG9-1-1 solutions provider by executing a contract. The Board recognizes this is a local decision. If you wish to accept this funding request using the NG9-1-1 solutions provider listed above, the Board expects your locality to execute a contract vehicle with the identified NG9-1-1 solutions provider within three months of the date of your award, unless the Board grants an extension. However, if requested by the PSAP, ISP staff can prepare a migration proposal for a different NG9-1-1 solution provider and the locality can also submit a funding request using this new migration proposal.

The Board is committed to a statewide deployment of NG9-1-1 that is consistent with NENA's i3 standard and reserves the right to add subsequent conditions to your migration proposal and revise the funding award for this purpose. Funding for any additional non-recurring costs related to these conditions will be considered by the Board and you will receive a revised award letter, if approved.

Since NG9-1-1 deployments will be occurring by selective router regions over a multi-year period, portions of your funding may not be immediately available and may be distributed over different fiscal years. The spending plan below is based on your scheduled NG9-1-1 deployment window listed above and in your migration proposal. This plan lays out when approved funding for each category will be available. The goal is to complete all identified NG9-1-1 ready implementation items (CHE equipment and GIS data) at least three months in advance of your PSAP's scheduled deployment time period.

**NOTE: Before contracting for a service or committing any local funding, you should consult this spending plan and coordinate expenditures with your Regional Coordinator. This action will ensure that you will be reimbursed for any local funds spent for items identified in your migration proposal.**

Depending on the preference you selected in your Proposal Acceptance Letter, the Board may pay some of your NG9-1-1 deployment costs on your behalf. If applicable, the specific costs will be identified in your spending plan included in this letter. Payment for the remaining NG9-1-1 deployment costs will be made on a reimbursement basis.

**AGENDA: June 3, 2020, Regular Session**

**ITEM: Public Hearing** – An ordinance authorizing the acquisition of real property in fee simple and/or permanent and temporary easements, either by agreement or condemnation, for the U.S. Route 460-Pruden Boulevard Water Transmission Main Project

This project will extend a 20-inch water transmission main along Route 460/Pruden Boulevard from Lake Prince Drive to the City boundary with Isle of Wight County. The water main will ultimately serve two purposes: 1) transporting the Western Tidewater Water Authority's contracted water supply from the City's G. Robert House Water Treatment Plant to the Isle of Wight County's Windsor Service District, and 2) providing future City water service to the Route 460 corridor. Construction of the initial segment of the 20-inch water transmission main within the 4100 - 4300 blocks of Pruden Boulevard will be completed as part of the Department of Public Works' Pruden Boulevard/Prudence Road Intersection Improvement Project.

**RECOMMENDATION:**

Adopt the attached ordinance

**AN ORDINANCE AUTHORIZING THE ACQUISITION OF REAL PROPERTY IN FEE SIMPLE AND/OR PERMANENT AND TEMPORARY EASEMENTS, EITHER BY AGREEMENT OR CONDEMNATION, FOR THE U.S. ROUTE 460-PRUDEN BOULEVARD WATER TRANSMISSION MAIN PROJECT**

WHEREAS, on April 1, 2020, the City Council of the City of Suffolk held a public hearing concerning the acquisition of real property in fee simple and/or permanent and temporary easements, either by agreement or condemnation, for the U.S. Route 460-Pruden Boulevard Water Transmission Main project; and

WHEREAS, it is the opinion of the City Council of the City of Suffolk, Virginia, that a public necessity exists for the construction of the U.S. Route 460-Pruden Boulevard Water Transmission Main project to improve utility services within the City and for other related public purposes for the preservation of the safety, health, peace, good order, comfort, convenience, and for the welfare of the people in the City of Suffolk.

NOW, THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF SUFFOLK, AS FOLLOWS:

Section 1. That the City Council authorizes the acquisition, by purchase or condemnation, pursuant to Section 15.2-1901, *et. seq.* and Title 25.1 of the Code of Virginia (1950), as amended, and City Charter Sections 2.05, *et. seq.*, of real property in fee simple and/or permanent and temporary easements (the "Property"), as shown on the plans (the "Plans") entitled "Pruden Boulevard/Prudence Road Intersection Improvements" (the "Project"), the Plans being on file in the Department of Public Works, Engineering Division, City of Suffolk, Virginia.

Section 2. That the City Manager is hereby authorized to make or cause to be made on behalf of the City of Suffolk, to the extent that funds are available, a reasonable offer to the owners or persons having an interest in said Property, and is further authorized to enter into agreements and do other things as may be necessary to acquire said Property. Further, if efforts to acquire such Property are not successful, the City Attorney is hereby authorized to institute condemnation proceedings to acquire same.

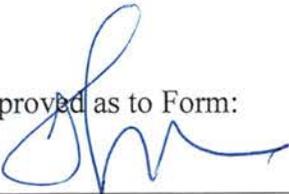

Section 3. This ordinance shall be effective upon adoption and shall not be published.

Subject: Local Allocations for Federal CARES Coronavirus Relief Funds

### Background

As most of you are aware, Congress passed and the President recently signed the *Coronavirus Aid, Relief, and Economic Security (CARES) Act of 2020*. This Act provides funding for a number of different programs to address the COVID-19 pandemic. A primary component of the CARES Act is \$150 billion in assistance to state, local, territorial, and tribal governments for the direct impact of the COVID-19 pandemic through the establishment of the Coronavirus Relief Fund (CRF).

Allocations were sent to states based on population. Each state received 55 percent of its share based on total state population and the remaining 45 percent was based on the local populations of each state's cities and counties. Localities with populations greater than 500,000 could apply to receive funds directly. All other CRF funds were distributed to the states to determine the allocations to localities.

Virginia has received approximately \$3.1 billion as its share of the CRF total. This amount does not include approximately \$200 million that went directly to Fairfax County since it qualified to receive its funding directly.

These funds may be used for qualifying expenses of state and local governments. The CARES Act provides that payments from the CRF only may be used to cover costs that:

1. are necessary expenditures incurred due to the public health emergency with respect to the Coronavirus Disease 2019 (COVID-19);
2. were not accounted for in the budget most recently approved as of March 27, 2020 (the date of enactment of the CARES Act) for the State or government; and
3. were incurred during the period that begins on March 1, 2020, and ends on December 30, 2020.

At this point, federal guidance indicates that the CRF funds can only be used for the direct costs associated with the response to the COVID-19 pandemic and cannot be used to make up for revenue shortfalls. State and local government officials have requested that this restriction be lifted or that additional federal funds be provided to address the loss of state and local revenue. To date, no action has been taken by Congress to allow that flexibility or to provide funding for that purpose.

### **Allocation of CRF Funds to Localities**

While the federal CARES Act does not require that states distribute funding to local governments with populations less than 500,000 residents, the Governor recognizes that localities are experiencing the same COVID-19 related expenses as the Commonwealth. Therefore, fifty (50) percent of the locally-based allocations will be distributed to counties and cities on or around June 1, 2020, by the Department of Accounts (DOA) after receipt of a signed certification from the locality. This distribution will be made to the local treasurer in the same manner that Car Tax Relief Payments are made.

Each locality's allocation will be based on the proportion that the locality's population represents of the statewide total population. Appendix A reflects the population used by US Treasury to allocate CRF funds to the states. This population data is the basis for determining the allocations to each locality.

This table also reflects each locality's share of the current distribution based on the population data displayed. Please note that the population data for each county includes the populations of the towns within its borders. Consequently, the allocation indicated for each county includes any allocations based on residents that live in the towns located within that county.

CRF funds should be considered "one time" monies and should not be used for ongoing services and/or base operations. Because the funds must be expended by December 30, localities are advised not to create services with expenses beyond that period. Any expenses beyond December 30, 2020, must be paid entirely by the locality from local funds.

### **Requirements for Use of Funds and Certifications**

#### General

The amounts listed in Appendix A reflect the funds that will be transferred to each locality after receipt of a certification form (Appendix D) from the locality signed by the chief executive officer, the chief financial officer, and the chief elected officer. Before signing the certification, I recommend that you read and understand the federal guidance and the frequently asked questions contained in Appendix B and Appendix C, respectively. The most recent information on this guidance and the frequently asked questions can be obtained at: <https://home.treasury.gov/policy-issues/cares/state-and-local-governments>

County and City Elected Officials and Administrators  
Cabinet Secretaries  
May 12, 2020  
Page 3

Please note that the certification statement includes an acknowledgment that you may be required to return funds to the federal government if it is determined that those funds were spent for purposes that do not qualify. Since these funds are being provided to you "up front" rather than on a reimbursement basis, it is important for you to understand that the burden of ensuring that all CRF funds are spent for qualifying purposes falls to the local government. You are responsible for maintaining all necessary documentation to ensure compliance with the federal requirements.

If the federal government determines that you have used CRF funds for purposes that do not qualify, you must return those funds to the state promptly so that they may be returned to the federal government. As a condition of receiving CRF funds, you are agreeing that the state can use state aid intercept to recover any funds necessary for expenses that were not for a qualifying purpose or that were unexpended as of December 30, 2020.

#### For Counties Only

As previously stated, the population data for each county includes the populations of the towns within its borders. Consequently, the allocation indicated for each county includes any allocations based on residents that live in the towns located within that county.

Counties must ensure that an equitable share of the CRF funds it receives are shared with and granted to each town within its jurisdiction. Just as with the funds retained by the county, the funds granted to towns must be spent in accordance with the same requirements and the same documentation must be retained for audit purposes. The county issuing the grant is responsible for the ensuring compliance with the documentation requirements and must ensure that the use of the funds meets the requirements set forth by the federal government.

#### Submission of Certification

The certification in Appendix D contains more specific details on the responsibilities of the local governing body. A fillable .pdf form can be downloaded from the Secretary of Finance's Website under "Recent News" at: <http://finance.virginia.gov/>

In order to receive your locality's allocation, the signed certification form must be submitted no later than **May 22, 2020**, to the Department of Accounts in electronic or hard copy form:

**ITEM: Ordinance** – An ordinance authorizing the City Manager to execute a grant agreement with the Virginia Land Conservation Foundation

Funding will be used to acquire land in the South Quay area of the City. The land acquired will be used for two different projects. A portion of the land will be transferred to Virginia Department of Conservation and Recreation to expand the South Quay Sandhills Natural Area Preserve and the remaining property would be developed by the City into a public park with access to the Blackwater River.

**RECOMMENDATION:**

Adopt the attached ordinance.

**ORDINANCE NUMBER \_\_\_\_\_**

**AN ORDINANCE AUTHORIZING THE CITY MANAGER TO EXECUTE A GRANT AGREEMENT WITH THE VIRGINIA LAND CONSERVATION FOUNDATION**

WHEREAS, the City of Suffolk, Virginia (“City”) was awarded a \$400,000 grant from the Virginia Land Conservation Foundation (“VLCF”) to acquire property in the South Quay area of the City for the purpose of expanding the Virginia Department of Conservation and Recreation’s South Quay Sandhills Natural Area Preserve and developing a City park “Projects”); and,

WHEREAS, the City is to enter into a grant agreement with VLCF, the terms of which include the requirement that the acquired property be dedicated for open-space under the Virginia Open-Space Land Act; and,

WHEREAS, the Projects will be for the use and enjoyment of the citizens and visitors of the City of Suffolk.

NOW THEREFORE, BE IT ORDAINED by the Council of the City of Suffolk, Virginia that:

Section 1. The City Manager is authorized to execute a grant agreement with VLCF, in substantially the same form as attached hereto.

Section 2. Any future dedications by the City required by the grant agreement and pursuant to the Open-Space Land Act will require the approval of the Suffolk City Council after a properly advertised public hearing.

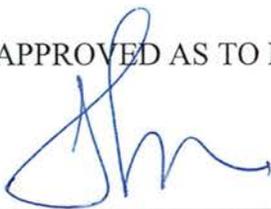

This ordinance shall be in effect upon its passage and shall not be published:

**THE VIRGINIA LAND CONSERVATION FOUNDATION  
CONTRACTUAL AGREEMENT FOR GRANT FUNDING  
(Fee Acquisition by State or Local Government)**

**Grant Recipient:** City of Suffolk, Department of Parks and Recreation  
**Project Number:** VLCF – 214 (20)  
**Project Title:** Blackwater River Park and South Quay Sandhill Natural Area Preserve  
**Project Period:** January 1, 2020 to January 1, 2022  
**Project Scope:** Acquisition of 338 acres located in the City of Suffolk  
**Total Project Cost:** \$800,000.00  
**Grant Amount:** \$400,000.00 VLCF funds

The Virginia Land Conservation Foundation (VLCF) and the Grant Recipient named herein, in exchange for the grant funds provided hereunder and the perpetual dedication to be given by the Grant Recipient, and other good and valuable consideration, the receipt and sufficiency of which are acknowledged hereby, mutually agree to perform this contractual agreement (Agreement) in accordance with the Virginia Land Conservation Foundation Act, Virginia Code §§10.1-1017 through 10.1-1026, the provisions and conditions of the VLCF Grant Manual dated June 19, 2019, and with the terms, promises, conditions, specifications, and procedures listed below.

**The Grant Recipient hereby agrees to provide the following documents to VLCF prior to grant disbursement:**

- A final appraisal of the fair-market value of the fee property, performed by a Virginia licensed appraiser, that conforms with Uniform Standards of Professional Appraisal Practice (USPAP) standards and meets the requirements of Va. Code § 58.1-512.1, prepared within six (6) months of closing.
- Evidence of the purchase price of the property:
  - In the case of a request for the grant funds to be provided at closing, a real estate purchase contract evidencing the property is under contract to the Grant Recipient, or a real estate settlement statement for the transaction, or
  - In the case of a request for the grant funds as a reimbursement after closing, a copy of the recorded deed(s) for the transaction and the real estate settlement statement for the transaction.
- A survey plat prepared by a Virginia licensed surveyor or professional engineer meeting ALTA/NSPS standards, preferably in digital form, depicting the metes and bounds of the property.
- A Phase I Environmental Site Assessment (effective within six (6) months of the acquisition) satisfactory to VLCF and that reports no major or significant environmental problems occurring on the property. Should the report reveal trash, debris or hazards that appear to be in conflict with the purpose of the grant, VLCF may require remedial action or a written statement that the materials will be removed.
- A title commitment (binder) and pro forma title policy insuring the interest to be acquired, effective within ninety (90) days of the closing. The binder provided prior to acquisition must

confirm that the seller owns good and marketable fee-simple title to the property. If reimbursement is requested post-acquisition, the grant recipient's title policy must confirm that the Grant Recipient holds unencumbered fee-simple title in the acquired property.

- The final versions of the deed of transfer and any other necessary deeds before recordation. No grants shall be paid until the final deed(s) are approved by DCR, are fully executed, and are sent to a closing agent for recordation.
- Documented verification of eligible expenditures including, but not limited to: copies of invoices, bills of sale, payment vouchers, cancelled checks, etc.

**The following special project terms and conditions are agreed to by the parties hereto:**

1. VLCF grant funds shall not exceed fifty (50) percent of appraised value of the property plus fifty (50) percent of the eligible acquisition expenses, not to exceed the actual expenditures of the transaction, and *not to exceed the total grant amount of \$400,000.00*.
2. Until project closure, the Grant Recipient shall submit brief progress reports twice a year to VLCF on the status of grant implementation, due by the end of April and the end of October each year.
3. The form of the deed(s) associated with the acquisition must be provided to, and approved by the Department of Conservation and Recreation on behalf of VLCF *prior to recordation*.
  - The property must be dedicated in perpetuity as open-space land under the Open-Space Land Act (Virginia Code §§ 10.1-1700 to 10.1-1705), specifying one or more of the purposes described in the Virginia Land Conservation Fund Act, Virginia Code §10.1-1020 et seq.
  - VLCF requires a 35-foot permanent, vegetated riparian buffer that excludes livestock along perennial streams, rivers and shorelines as stipulated in the grant manual. This buffer requirement must be specified in the approved deed(s).
  - During scoring of VLCF applications, points are awarded for projects that provide various allowances or restrictions that may affect the property (public access, protection of wildlife habitat, riparian buffers that exceed the minimum width, etc.). Language is required in the approved deed(s) to adequately address these items that were included as part of the grant application submitted for this project.
4. The Executive Secretary of VLCF reserves the right to seek independent appraisal reviews, at Grant Recipient's expense, on all appraisals prior to reimbursement.
5. The parties understand that VLCF funding may be subject to rescission by the General Assembly. In such a case, VLCF reserves the authority to cancel this Agreement.
6. The Grant Recipient must contact DCR at least two months before the desired closing date to ensure that the Department will have sufficient funds available to meet the funding obligations created hereunder. Reimbursement will not proceed until DCR receives sufficient appropriations for the project.
7. Grant Recipient must provide contact information for the settlement agent who will be receiving the VLCF funds for final closing, and must also provide a W-9 for that company at least one month before the desired closing date.
8. The Grant Recipient must provide to DCR no later than one month after recordation a copy of the recorded deed of transfer and any other necessary recorded documents for which

VLCF monies have been awarded, showing the locality, deed book, page of recordation, and/or instrument number.

9. If the value of another parcel of real property is used as any part of the match for the grant, that parcel must meet the same requirements identified above. The submitted appraisal must show that the unencumbered value of any property used as match is equal to the value of funds required to complete the match.
10. The Grant Recipient agrees to hold the Commonwealth of Virginia harmless from all legal liability under the Comprehensive Environmental Response, Compensation and Liability Act of 1980 (CERCLA), as amended, 42 U. S. C. §§ 9601 et seq., together with any other federal, state or local law or ordinance related to hazardous substances or hazardous waste.
11. The Grant Recipient shall ensure that the property will be made and shall remain accessible to Commonwealth of Virginia staff for site inspection for compliance with the terms of the Virginia Land Conservation Fund Program and will provide judicially enforceable ingress and egress rights therefor. Requests from VLCF for periodic monitoring reports shall be granted.
12. The Grant Recipient agrees to give appropriate credit to VLCF in any and all press releases, publications, annual reports, signage, video credits, dedications, and other public communications regarding the VLCF-funded project.
13. This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective successors. Nothing contained herein shall give or allow any claim or right of action whatsoever by any other third person. It is the express intention of the Commonwealth of Virginia and the Grant Recipient that any other person or entity receiving benefits under this Agreement shall be deemed an incidental beneficiary only.
14. Modification of this Agreement must be in writing and upon approval of both parties.
15. Nothing in this Agreement is intended to conflict with current laws or regulations of the Commonwealth of Virginia. If any term of this Agreement is found by any court or other legal authority, or is agreed by the parties to be in conflict with any law or regulation governing its subject, the conflicting term shall be considered null and void. The remaining terms and conditions of this Agreement shall remain in full force and effect.
16. This Agreement and any documents incorporated specifically by reference represent the entire agreement between the parties and supersede all prior oral and written statements or agreements.
17. Should the subject property be diverted or converted from the uses described in the recorded deed(s) or should the interest created by the deed(s) be extinguished at any time after the date(s) of recordation, Grant Recipient agrees to reimburse the VLCF. The amount of reimbursement shall be a percentage of any monetary consideration received by the Grant Recipient as a result of that future transaction. The following formula shall be used to determine the percentage of reimbursement to VLCF:  $\text{VLCF grant payment} / (\text{appraised value of the fee property at time of grant} + \text{acquisition costs at time of grant}) \times 100$ . Reimbursement shall be made within six months of such transaction.
18. The individual executing this Agreement on behalf of the Grant Recipient possesses all necessary power and authority to bind the Grant Recipient and, upon execution, this Agreement shall constitute a legal and valid obligation of the Grant Recipient.

19. The terms of this Agreement, as modified with the consent of all parties, will remain in effect until January 1, 2022, or until terminated as set forth below. VLCF may, in its discretion, extend the term for up to one year upon request of the Grant Recipient based upon unavoidable circumstances. Either party may terminate this Agreement upon thirty (30) days' advance written notice to the other party.

In witness whereof, the parties hereto have executed this contractual agreement as of the dates entered below.

**AGENDA: June 3, 2020, Regular Session**

**ITEM: Resolution** – A resolution supporting the Virginia Housing Development Authority's (VHDA) financing of the PORT 58 @ Hillpoint Multi-Family Apartment Project

Waverton Development, Inc. is moving forward with the construction of a 230-unit multi-family housing development called "PORT 58 @ Hillpoint," located within the Hillpoint Farms community. The apartment developer has advised the City that the project will be financed by the sale of taxable bonds issued through the Virginia Housing Development Authority (VHDA), which requires 20% of the apartments to be leased to families making no more than 80% of the area median income (\$63,680), and the remaining 80% of the apartments to be leased will have no maximum income limits for prospective residents.

In that regard, attached is a Resolution supporting the Virginia Housing Development Authority's financing of the project as previously described.

**ATTACHMENTS:**

**RESOLUTION NUMBER** \_\_\_\_\_

**A RESOLUTION SUPPORTING THE VIRGINIA HOUSING DEVELOPMENT AUTHORITY'S (VHDA) FINANCING OF THE PORT 58 @ HILLPOINT MULTI-FAMILY APARTMENT PROJECT**

WHEREAS, the City Council of the City of Suffolk, desires to make the determination required by Section 36-55.30:2(B) of the Code of Virginia of 1950, as amended, in order for the Virginia Housing Development Authority to finance the economically mixed project (the "Project") shown on Exhibit A attached hereto.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Suffolk, Virginia that:

1. The ability to provide residential housing and supporting facilities that serve persons or families of lower or moderate income will be enhanced if a portion of the units in the Project are occupied or held available for occupancy by persons and families who are not of low and moderate income; and,
2. Private enterprise and investment are not reasonably expected, without assistance, to produce the construction or rehabilitation of decent, safe and sanitary housing and supporting facilities that will meet the needs of low and moderate income persons and families in the surrounding area of the Project and will induce other persons and families to live within such area and thereby create a desirable economic mix of residents in such area.

This Resolution shall be effective upon its adoption and shall not be published.

**AGENDA: June 3, 2020 Regular Session**

**ITEM: Motion** – A motion to schedule a public hearing on June 17, 2020, to consider the adoption of an ordinance authorizing the conveyance of certain real property known as Tax Map & Parcel 40A\*76

This property is a former water tank site used by the City. When the City acquired the property in 1999, the deed into the City contained a reverter clause, which stated that if the property ceased to be used for municipal purposes, title to the property would vest in the owner of the adjacent property owner. The City no longer has use of the property and wishes to convey it to the adjacent property owner.

**RECOMMENDATION:**

Approve the motion
