First Team Subaru Suffolk Groundbreaking Scheduled

SUFFOLK, Virginia (December 3, 2014) – The First Team Automotive Group has announced plans for a Groundbreaking ceremony for their newest franchise, First Team Subaru, at 4834 Bridge Road in Suffolk. Vice Mayor Charles F. Brown will be on hand for the event on December 4th at 9:30 a.m.

First Team Subaru will join the family-owned First Team Automotive Group, which has been operating in Hampton Roads for almost 60 years. With a capital investment of \$6.5 million, the new dealership is expected to accommodate around 180 new and used vehicles and house approximately 18,000 SF of showcase and administrative space. A full parts and service department will be on site.

First Team considered a variety of criteria before selecting Suffolk as their newest expansion site. “We are impressed with the expanding economy in Suffolk and the Harbour View area,” pointed out Ashton Lewis, Jr., Chief Operating Officer. “We look forward to many years of building relationships with Suffolk residents.”

“The addition of First Team Subaru brings another outstanding automotive option to our community,” said Suffolk Mayor Linda T. Johnson. “They are a welcome addition to Suffolk and we wish them much success.”

First Team Subaru is expected to be completed by Spring 2015 and will create between 25 to 30 new jobs. For more information, see www.firstteamauto.com.
